VOLUNTEERING with BDFL: Important tips to get the shifts you want!

- As a consignor it is possible to earn **80% commission** on your sold items. All consignors can volunteer for up to 4 shifts, and each completed shift will earn you an extra 5% on your base commission of 60%.
- **Getting the shift you want:** The volunteer schedule will open on Monday, March 11th at 9pm and be expanded on the next two Monday nights at 9pm (3/18 and 3/25). **On these Monday evenings at 9PM additional slots will be added to most shifts. If you find the shift you desire is full one week, be certain to check the schedule the following Monday evening after 9 pm for new openings on MOST shifts.**
- BEFORE you can choose a shift you will need to read and agree to the Online Volunteer/ Worker Agreement. This is similar to the Seller Agreement you agree to when registering and can be found on the Consignor Homepage. The first time you try to choose a shift you will be prompted to agree. You can read the agreement ahead of time by clicking on Worker Agreement Status on the Consignor Homepage.
- **IMPORTANT!** BDFL asks that you make all changes in your chosen volunteer shifts using the BDFL system through the **CONSIGNOR HOMEPAGE BEFORE** the volunteer sign up system is closed at 11:59 on 3/27/2018 (**WEDNESDAY**). Anyone needing to be removed from a shift after that time will incur an administrative fee for each shift change that will be deducted from your final earnings check. See the volunteer agreement on your consignor homepage for full details.
- **PLEASE READ!** BDFL loves that so many husbands and fathers are getting involved by volunteering. It has been our experience that most husbands and fathers are best suited (and prefer to be) working in the driveway helping unload during drop off. ***Please note that all shifts during drop off are adequately described on the schedule so you know what you will be doing. Please understand that going forward if your name is under an inspection/ item put out shift, that is what you or your husband/ father will be doing. Please only send your husband or father for that shift if he is willing and ABLE to inspect and put items out.***
- It is very important that if your husband is coming in for an inspection shift, he is very attentive to detail and capable of checking large quantities of children's clothing for stains and other flaws. If he is putting items out on the sales floor, it is important that he understand what different items are and is attentive enough to put them in the

proper location. We know there are many husbands and fathers who would be great at inspecting and putting out items but also understand that others may not be up to the task. Email kris@bestdressedale.com if your husband or father would like a shift, but you don't see one on the schedule that suits him. It is possible that there are shifts that are not on the public schedule that would be great for him!

- If you choose to volunteer for **drop off** (Monday 4/1 and Tuesday 4/2), we ask that you DO NOT choose a drop off appointment 15 minutes prior to the start of your shift or at any time during your shift. If you are looking for a drop off appointment near your shift and don't find one open, email kris@bestdressedale.com for help in scheduling.
